Adventures into Mindless Self Indulgence

By Anna

Jimmy Urine always said that he preferred comic books to music, so it makes sense that the band would be incarnated in comic form at some point. Besides, the move only seems natural for a music act with such gravity-defying cartoon character-like energy - and it's true, Mindless Self Indulgence translate perfectly to the page.

For those who got here from being an MSI fan, and who aren't familiar with comics, be warned that being a one-shot, this comic is very, very short (since the first printing is sold out already, the high prices might be deceiving!). The front cover, though brilliant, is also misleading - there never is any magic or dragon-slaying, since the content, the band promises, is 100% true and factual (believe me when I say you have to remember that later - the stories get crazyyy).

As a piece of band merchandise, 'Adventures...' is fantastic - you couldn't ask for better. It's immensely entertaining, pretty, and also has a couple of fun things to do at the back, including a colouring page. As a comic, though, it's a modest effort, feeling more like a brief excursion to a different medium than a committed project. The stories are so short they're momentary, and there isn't a continuous narrative strand linking the individual stories together - even when more can be made of them, stories are glanced over quickly due to space restraints. As a result the comic feels a little superficial.

The art and character design is good overall. I admit I had issues with Jess Fink's art on the first read-through - her style is very loose, to the point where there were some panels where I winced, because there was something off about it. Those panels are still there, but the art's grown on me overall - Kitty, Lyn-Z and the others all look great. Whatever the odd flaw, the art has that essential comics energy and zest, and Jess's

occasional stylistic half-assedness with it suits Mindless Self Indulgence very, very well.

So to summarize, 'Adventures into Mindless Self Indulgence' nowhere near stands alone as a comic, but its intense fun means it is a must-have for any Mindless fan. The only thing possibly wrong with it is its length - it's far too short!

Do Your Research

By Brittney Haynes

I am relatively new to the band, and I love comic books. When I found out the members of MSI wrote a comic book, I got super excited and ordered it. I have never been to a show, and only heard one song and one album. I got the comic, and was surprised. Clearly, I should have done more research because the content inside was that which I don't usually look for. Some stories, such as the Kitty and the Lyn-Z stories, were very funny and enjoyable. The others were not as enjoyable.

If you are considering this comic but don't know what to look forward to, this is a generalized summary:

A lot of strong language

Nudity (male lower half)

Sexual references (dialogue and visual)

It is basically a mix of stories by the band, so don't expect a straightforward plot. There is some crazy stuff in there, and they swear it is all true. You have been warned. :) If you don't know the band or find the above content not in your ball field, I wouldn't recommend this comic to you. However, MSI fans will definitely enjoy.

Prepare to laugh your a\$\$ off!

By LizzieBathory

Best band ever, funniest comic book ever. It has multiple stories from each band member's perspective about their time on tour and at other events. My favorite is Kitty's story of getting food-jacked, hilarious!! Love these guys.

ADVENTURES INTO MINDLESS SELF INDULGENCE BY JIMMY URINE, LYN-Z, KITTY, STEVE RIGH?, JESS FINK PDF

It is extremely easy to read guide Adventures Into Mindless Self Indulgence By Jimmy Urine, Lyn-Z, Kitty, Steve Righ?, Jess Fink in soft data in your device or computer system.
