Great Deal!

By Mrs. Tweety

Definitely worth renting! This textbook is SO expensive and I am not sure why because it is a paperback. Nevertheless, I rented it from Amazon for a fraction of the price to purchase brand new. It was supposed to be a used rental, but mine was brand new and I was extremely pleased! I was actually reluctant to return it

because I really liked the content of the textbook and thought it might come in handy even after my degree is complete. I can't say that about too many of my textbooks. I enjoyed the course as well.
