A fantastic story!

By CINDY F.

Even though this was just a short story, I loved every single second of it. When I first read about April, I was so hoping that she'd get her own story, and her own HEA. And what a wonderful story it was, too. Rock and April couldn't have been more perfect for each other. And I was really impressed the way Rock handled the whole situation. He was so understanding and patient, when other men might have gotten really upset or just plain mad.

The more stories I read about this family, the more I love the Queen Fabrizia. She's a sneaky one, but with a whole Country and six kids to watch over all the time, you'd have to be.

I so can't wait to read more. I admit it...I'm hooked on this series, and hope we get a lot more books involving this Royal Family.
