Good service, good book.

By William T. Hill

This is the book I ordered. It arrived in time for class. Book was slightly banged up but as it will only be used once, that's really not much of a problem. Price was a little higher than expected, but better than paying the full price for a one time use book. The book itself is an interesting read, albeit a tad long winded and somewhat repetitive. However, for the most part, I am primarily satisfied with the service and the product in general.

Three Stars

By Andrew Ferrell

Pretty outdated, and I don't believe that there is a newer version. Well written though.

enjoyable, yet extremely dry

By Luke Kennedy

very informative, yet somewhat dry and hard to stay locked into. I do enjoy this book.
