Outstanding explanation personality types in spiritual terms

By A Customer

This book presents an outstanding understanding of the personality types including psychosocial development. It correlates Jungian personality types (and Meyers-Briggs Type Indicators) to a spiritual and biblical context to help us in our journey toward wholeness. This is an excellent resource for personal growth as well as retreat material. I am a psychotherapist and a spiritual director. I have used it for many years with my directees to help them better understand themselves in relationship to God, scripture, and their spiritual growth.

Profound!

By mpolyglottos

This book should prove to anyone familiar with MBTI that Jesus is the complete God and perfect man! He embodies all four of the major functions: Thinking, Feeling, Sensing and Intuiting. If you study the Bible further, you will realize that He's also the perfect balance between Extraversion and Introversion, as well as Perceiving and Judging. What a wonderful Shepherd we have: surely only He can relate to all of our personality types!
