I'M SUPPOSED TO BE HER WHITE KNIGHT, NOT THE DEVIL BETWEEN HER SHEETS.

Jack Steele

Hazel is the one woman I could never have, and I've done everything in my power to stay away from her, to keep her out of my dangerous life. But when Hazel's dad, my mentor, is brutally murdered and she's kidnapped I'm left with no alternative. I have to find her and kill the men who so much as lay a hand upon her sweet face.

Yet when I do, I fear I won't be able to resist the temptation to strip her innocence away and keep her for myself.

Hazel Bradshaw

Jack was every girl's fantasy; dangerous, brooding and sexy as sin, and over the years as we grew up together he slowly became mine. I longed for him to notice me but no matter what I did he always remained distant. I won't let him push me away again, not anymore.

Kidnapped by a murderous and powerful man, a pawn in his game, I must try to stay alive long enough for Jack to find me. For years I've saved myself only for him, never letting anyone touch me, and now he must come and save me.

And when he does, I'm going to make sure this time he finally takes what's rightfully his.

Hitman's Love of a Lifetime #BADBOYZRULE

By April R Symes

OH WOW! Jack Steele is just WOW! He is one man I wouldnt want to mess with and he is sooooo alpha and dangerous. When his woman is taken- at first he didnt realize she was his, he just knew that his mentor

Dixon was gone forever and his daughter, Hazel Bradshaw, had been taken away as revenge against him. He cared deeply for Dixon and he saw Hazel as his friend but something suddenly switched on inside him. There is this great POV that was seen in this book from Jack--told in a way that I truly enjoyed. Jack was going to get Hazel back and take revenge on the men who took her from him. He holds Hazel in this haze of memory from their time when they grew up together as kids, then the memories slowly change to when they are adults... the passion and the beat of the story is fantastic.

Hazel is one strong woman to endure what she did. She loves Jack completely- her POV is wonderful. Reading Jack's and then Reading Hazel's POV is so interesting- its unique to see MC's POV.. She has always loved him and despaired he would ever see her as a woman...the point when he did was electric. Her horrific turn with the kidnappers until Jack got her back...wow, the author wrote a great story and kept me glued to this book.

The ending of the book when Jack got to Hazel and they were on the run and the dual POV -mind-blowing. I do not want to give any spoilers but suffice to say, it is action packed and full of passion and chemistry between them as they fight the bad guys and their own feelings while on the run. Jack refuses to give in while Hazel is begging him to not give up and to love her...full of emotions.

The ending -will Hazel give Jack a chance when he realizes what he did after pushing her away -the love is there-and will the bad guys be caught. You have to read to get this awesome story. It is FANTASTIC and sooooo good!

My Rating: FIVE CAPTIVATING STARS\*\*\*\*\*

Oh my! Oh my! Oh my! Emilia Beaumont has certainly stepped outside the box with her latest release, Hitman's Revenge, a Forbidden Bad Boy Romance and I, for one, hope she stays out! I loved this book! I began reading Beaumont's work several years ago and was immediately impressed with her unique style and exceptional talent. I quickly became a diehard fan but this story is so far removed and totally unlike any of her previous releases, that it has surprised even me. I've never read anything like it. It's written in one of the most unusual styles I've ever read; it's truly magnificent. The narrative of the book is written in the first and third person with his and her alternating points of view but is divided into three separate and distinct parts. The first third of the book is from the male protagonist's point of view with each chapter alternating between a present first person perspective and then a past flashback as told by him in the third person. The second third of the book is from the female protagonist's point of view with each chapter alternating between a first person perspective in the present and a third person retelling of a past event. Then, the final third of the book is a first person perspective with alternating his and her chapters. It's bloody brilliant! It swept me into the past and present lives of both of the primary characters and held me completely enthralled. I fell head over heels in love with professional hitman Jack Steele and beautiful, innocent and quite often naive Hazel Bradshaw, the two primary players in this remarkable story of danger, drama, suspense, murder, loss, heartache, unconditional love and hopeful redemption. These two characters were intriguing, engaging,

totally relatable and exceptionally well developed. Jack Steele was definitely not your typical hero. Jack was a cold blooded killer but he was also an extraordinary antihero that held me under his spell from the first page until the very last line of the book! I felt empathy for him as well as sympathy along with heartache for his plight in life but I never gave up hope for the possibility of his redemption. And Hazel was such a joy, as a child and an adult, always giving her love freely and unconditionally. She was brave, loyal, straight forward, honest to a fault and never played games with people's emotions. And even the bad guys were given their proper due as we learned some of their history and motivations. The dialogue was captivating, realistic and well executed. The entire book was masterfully written and exceptionally well crafted with professional formatting and a beautiful cover. What did I love about this book? Everything! Would I recommend this book? You bet and I am but only for adult readers as it does contain several explicit sex scenes in the last third of the book. And yes, the build-up was torture but it was worth it. It had me on the edge of my seat constantly questioning, will they or won't they. Most of us automatically assume since this is a romance that the hero and heroine will do the deed but I was having serious doubts and that's the beauty of Beaumont's writing. It's so darn realistic, you begin to doubt what you think you know about the characters and the story. Most of us form an opinion of how we think the book will end long before we get to the last page but with this story, you don't have a clue. That's the beauty of all the twists and turns, to keep the readers on their toes and Beaumont makes it look effortless. I loved it! If I had any criticisms at all, it would be only one thing. The story reveals that Jack's parents were murdered when he was only six years old but we never learn why or how, just that it was a violent death leaving him an orphan. I would love to have known whether his parents were somehow also connected to a crime syndicate as was Nixon Bradshaw, the man that took him in, gave him a home and mentored him. Will I read this author again? Absolutely! Just as soon as she releases her next book!

Trained assassin and professional hitman Jack Steele has suffered great loss in his lifetime but he's also caused many others to suffer the same fate. As a result, he's had to give up everything he loves including the woman that will hold his heart in the palm of her hand for all time. That woman is Hazel Bradshaw, the daughter of Nixon Bradshaw, the man who took him into his home when he was only six years old. When Jack had nowhere to go and no one to turn to, Nixon became his adopted father, provider, teacher and mentor. And Nixon's three year old daughter became his heart and only love. But make no mistake, Nixon was no choir boy. He was a highly paid assassin himself who passed on his trade to Jack. Jack and Hazel grew up together and were as close as two kids could be with Jack as her older foster brother, best friend, protector and knight in shining armor. But now at age twenty-nine, his life as a cold-blooded killer for hire has cost him everything. He's made countless enemies over the years and can't afford to love anyone. That's a weakness he could never afford making him vulnerable in the eyes of those who want to hurt him. He had long ago abandoned any hope of experiencing love along with any expectations of having a normal life which meant one thing - he could never have his beautiful Hazel. There was only one problem with his logic - he never told Hazel. He never told her that he loved her beyond all reason and craved her touch, and never, ever told her that she could never fall in love with him. And by the time he tried, it was too late - she was already hopelessly and irrevocably in love with him.

Hazel Bradshaw had never felt more afraid or alone in her entire life. She had to witness her own father's murder and now she has been kidnapped, held prisoner and beaten. She has no idea where she is and there's only person who may be able to save her, the man she's always loved, Jack Steele. But he abandoned her ten years ago, cruelly turning his back on her and her offer of love, and still she loves him and has loved only him for two decades. There has never been anyone but him and even now at twenty-six, she has saved herself for him and consequently, she may now die without ever experiencing physical love. Still, in the recesses of her mind, the spark of love and hope is still alive but will Jack come for her? You bet he will! Are you ready to feel the wrath of Jack Steele? Oh my! Completely captivating, seriously sexy, deliciously dark and divinely entertaining! Once I began reading this book, I could not put it down! So much yearning, so much

loss, so much heartbreaking angst but also, so much love. Sigh... Absolutely exquisite! Fabulous entertainment and an awesome read!

Fast-paced, sweet romance with a hot hitman

By Babel Tower

When the male character is a hitman, something switches on inside me and I'm fair game. I have to read that story! With this book, the action starts full-throttle as Jack finds out right away about his father figure, Dixon, has been brutally killed. What's worse, the girl he grew up with has been kidnapped.

One of my favourite things about this novel is the structure. It's divided into three distinctive parts. The first one is told from Jack's point of view as he follows the leads that will take him to where Hazel's been imprisoned. It's interesting to see his hard side, the killer's edge, but also the sweet memories he holds from them growing up together.

Then, Hazel's got her turn to tell her ordeal at the hands of Jack's enemy. This second part includes more memories from the past tinged with longing, tenderness but also some heated moments.

The final part is a mix of both of their points of view as they run and fight for their lives. There's action, tension, fear and blood, also plans to come out of the criminal mess alive. All the while, I was torn because Jack refuses to give in to his emotions and keeps pushing Hazel away. At least, they both have reasons to act the way they do, and their few intimate encounters were quite hot.

I think this is a good hitman story. It's lively written, it has got a very entertaining way to link every scene, a bunch of dangerous scenes and a sweet and hot romance. The ending included some very needed redemption from the dark hero's part. I liked all of it.
