Great for this 14 year old!

By L. Moran

Hi, Im 14 and have been reading Dear Dumb Diary Books for quite some time now, since I was around 9 or 10 years old.. (though, I am not sure).

For the past 3 years, coming to 4th, I have asked and received the newest Dear Dumb Diary for Christmas. Though I am older then the Amazon Reading Level , I frankly, do not care. I'm going to keep reading these books as much as they keep coming out.

I think the Books are amazing and funny. I love the illustrations.

Right now, I dont have a favorite of all because I just love them so much. I cant wait till the next book arrives. I read it so quickly, but that's Fine as long as i get to read it.

I really recommend it.

Im so excited for the next book. Everyone should be, they are awesome!
WOOHOO!

Christmas is taking forever to come. I'm sure the wait will be worth it.

I think I'm still reading these books because they are something funny and I was able to relate to it and that I started reading them at the recommended age so I was able to grow liking them alot. I think it's just my taste of books. I'm actually pretty sure that if i had never read them before, and ran into them at the age of 14, I would still buy them.

I hope this is helpful.

HILARIOUS!!!

By A Customer

I thought this book was hilarious. I love all of the Dear Dumb Diary books. Jim Benton does a very good job of writing these. He writes them just like a diary. I would never expect a guy to write stories about a girl and her problems. The drawings that are in the book make me laugh. I love how Jamie Kelly "hates" Angeline because she's so beautiful and popular. Jamie wants Angeline to be a brat but she's not so Jamie has to pretend that she is anyway. The entries about the wedding are realistic. I have been in a wedding before and could relate to the humor of not liking the bridesmaid's dresses or flowers. I loved this book and I hope he keeps on writing them.

Very funny, even for adults.

By Rob Mattheu

I saw this book at the library and checked it out for my first grader. I didn't realize it was a bit too old for her until I started reading it. The sad thing is I couldn't stop reading it. Jim Benton's Jamie Kelly makes observations that will have anyone who has ever participated in a wedding laugh out loud.

Recommended for preteens.
