Buy This Book, You Will Want To Keep It

By Amazon Customer

Wonderful, thorough book that goes in-depth but allows the reader to easily understand. This was mandatory for a Master's level class and I really wish I had not rented the book. This is one book you will want to keep in your library if you are in the medical field.

Comprehensive

By Kim Calloway

This book is required for my Masters in nursing. Comprehensive and breaks down disease states into the many different body systems.
