SEX IN CHINA: STUDIES IN SEXOLOGY IN CHINESE CULTURE (PERSPECTIVES IN SEXUALITY) BY FANG FU RUAN PDF

China today is sexually (and in many other ways) a very repressive society, yet ancient China was very different. Some of the earliest surviving literature of China is devoted to discussions of sexual topics, and the sexual implications of the Ym and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far distant from their Chinese origins. In recent years, a number of books have been written exploring the history of sexual practices and ideas in China, but most have ended the discussion with ancient China and have not continued up to the present time. Fang Fu Ruan first surveys the ancient assumptions and beliefs, then carries the story to present-day China with brief descriptions of homosexuality, lesbianism, transvestism, transsexualism, and prostitution, and ends with a chapter on changing attitudes toward sex in China today. Dr. Ruan is well qualified to give such an overview. Until he left China in the 1980s, he was a leader in attempting to change the repressive attitudes of the government toward human sexuality. He wrote a best selling book on sex in China, and had written to and corresponded with a number of people in China who considered him as confidant and advisor about their sex problems. A physician and medical historian, Dr. Ruan's doctoral dissertation was a study of the history of sex in China.

Most helpful customer reviews

5 of 5 people found the following review helpful.

An excellent overview of sexuality in China

By Shawn Soszka

This book offers an excellent overview of the various aspects of sexuality throughout the written history of china. It covers the Chinese view of sex and gender orientation from the later Han dynasty to modern times. The book is well written and organized, with wide range of topics. I used this book as a reference for my Masters in Oriental Medicine thesis on the Chinese medicine treatment of impotence.
