Beautiful, amazing, fantastic.....and more

By LN

This book is amazing and even that does not cover how this book is. The author is not just about "Hey we just met and we're now madly in love with each other". No she describes each character fluently and even if the perspective changes to another the actions still goes with how i the book is written. Each character is developed throughout the book and that in itself is sometimes hard and she makes it seem easy.

I originally read this on Wattpad as well and I recently bought it and wanted to finish it within a day but I to hold off because I did not want the book to end.

The BDSM lifestyle is portrayed beautifully. Not many people understand how this lifestyle works and the way she writes it is like I said beautiful.

I would definitely recommend this book. I am excited for the next ones to be published as well. Fantastic writing.

Awesome

By Celeste Milton

I would recommend this book to anyone who loves a good BDSM story. In the beginning of the story the author draws you in and doesn't let go until the very end of the book. I read this book in two days and I could

put it down. The characters are amazing and I can't wait till the next book comes out.

Wonderful book!

By Heather K Oyster

I found this book as a preview on wattpad and it teased me so much that I had to buy it. (Side note: if you haven't heard of wattpad its an amazing free app of stories and writings and I just love it.) I'm so glad that I did buy this book. I loved it. I gave it 4 stars because I find it almost impossible to give a 5 star rating. I loved how the author showed the D/s relationships. There was a lot of respect and safety between the couples. As the author had stated the story was all about "safe, sane, and consensual". A few cons though were that there was some typos, not so many that it detracted from the story, but they were noticeable. Also to me the story was a little pricey. I would like to see it drop a little from \$4. Some of the plot line was a little over the top but you don't really read these stories for the most realistic plots. I loved the characters and there was multiple pov's that I like because I feel like that helps to give more to the story. Overall I would recommended this story to readers of BDSM and gay love and I can't wait for the next in the series to come out.

I was not paid or asked to read to read this story or to promote anything.
