The Battle History of the First Armored Division

By W. H. Niehoff

First of all, this is a battle history of the 1AD -- during World War II (Oran to the Po Valley). The documented facts are there, but little more. As a result, it's very dry, but nevertheless interesting if you want to know what units and colonels were where.

It's the "where" that is a big problem with this book. Clearly, the maps that the author was looking at when he wrote the text are not the maps that are printed in the book. The maps printed are seriously out of sync with the text. Too often, the author mentions this town or that town, but, when you look to see just where that is, you can't find it on the map.
