Reads like the rest of the Writers Digest how-to-write books

By Abigail

Reads like the rest of the Writers Digest how-to-write books. Some essays can be found online, but this was a great collection of a vast array of writing topics. Subject matter ranges from conceptualizing a story all the way to marketing and publication, and the latter 1/4 of the book includes interviews with famous authors. Finished this in about a week and found it really helpful! Would recommend!

Best Book on Writing and Publishing I've read this year.

By Liz

Best Book on Writing and Publishing I've read this year and indeed for many years. Miles better than the previous edition (although that too was good for its era). Any writer would benefit by reading this highly comprehensive handbook.
