It's in Latin

By Gary McFarland

This is a production of a scanned copy of the original book and is all in Latin. So if you are not a Latin scholar, then you will not be able to read this. The advertising of the book does not make it clear that this is only in Latin. And the first customer review SEEMS to imply that it is in English by stating " I only wish there were MORE translations in English." Therefore I am unable to read this book and find that it is not profitable to anyone who is not fluent in Latin

This is in Latin, not English

By Mary Wether

I agree with the one star reviewer, but am glad that the editors went to the very great trouble of collecting Bede's authentic works, and that they were reprinted to make them available for today's readers...provided

that they can read Latin. Only the preface is in English.

If you know someone who knows Latin, it would make a wonderful gift.

Five Stars

Bede should be a must read for all Christians. I only wish there were more translated into English.
