Informative and interesting book on pocket knives

By J. G. Heiser

I'm not a streetfighter, and I don't need a Marine survival knife that can slit somebody's throat, hammer in a tent peg and has fishing gear secreted in the handle. I just wanted to know why my grandfather carried a Barlow knife and why a pocket knife has so many blades.

This book not only satisfied my curiosity about the history and purpose of folding knives, but it helped me choose a new knife and sharpen the ones that I already have.

The author covers both traditional styled knives and the latest high-tech materials & one-hand openers. He also discusses multi-tools (think Leatherman) and survival knives. For what it's worth, he does cover folding defensive knives.

Most of what is available on the subject today is either aimed at military hobbieists or collectors who like to spend big bucks on exotics. This book is written by somebody who just likes to carry and use pocket knives-working knives for people who aren't afraid to get their blades dirty.

I found it informative and enjoyable, and recommend it for anyone who is interested in pocket knives. A serious collector would probably want to read this book also, but it isn't intended for people who put their knives in a case and look at them.

An excellent choice for the expert or novice alike.

By A Customer

Steven Dick has prepared an excellent book on all facets folding knife design, development, and use. This book is the most complete reference on this subject thus far. It contains informative chapters on production, custom, and antique knives. The book helps the reader make informed choices regarding cutlery and also the proper methods and tools necessary for its upkeep. I highly recommend this book to anyone wanting to learn

more about the interesting world of knives.

Comprehensive data and invaluable info.

By JohnRides

Comprehensive information about folders. Some of the info is slightly dated due to discontinued models and or companies that are out of business but overall excellent info for the collector or aficionado.
