not what i expected

By gc,ca

i just recently received this book and was thinking ok another universal law book, same old same old. upon reading this book, i discovered that was not the case. i loved the fact that i could understand exactly what the author was saying, she didn't seem to speak in a way that i couldn't relate to or that was cryptic and confusing. i almost felt like this book was written just for me. the exercises included in this book made applying these laws into my everyday life so much easier. *Twelve Universal Laws: The Truth That Will Transform Your Life*, did just that. i feel like my eyes are open and i am walking on the path i was meant to, the way i was meant to. i can't say enough good things about this informative, inspirational, life changing

book. not only do i recommend this book, i just ordered another one for a friend. love this book!!!!
